

# Rabbit printing!

This is a fantastic activity to do if you have any empty cardboard loo roll holders at this time! If you don't, you can use rolled up cardboard with glue to create a tube shape.

*You will need:*

- *Glue or Double-sided tape*
- *3 Loo roll inners*
- *Paint (Green and white) and paintbrush*
- *Pens*
- *Coloured paper or card*

- 1) Create the rabbit shape; flatten 2 of the rolls and leave one rounded
- 2) Glue or stick the three rolls together into a basic rabbit head shape with two ears.
- 3) Allow to dry
- 4) Dip the edges of the rabbit into white paint, and print onto paper or card.
- 5) Create a grassy texture underneath the rabbits using the green paint.
