

## Activity

This is a sorting activity for shapes.

- Spread out the objects randomly and talk about them, picking out the more interesting ones, pointing out the edges and other characteristics
- Explain that we need to organise the shapes into the correct
- Ask the children to sort the objects into the correct shape on the floor
- First encourage the children to sort all of the triangles, then all of the circles and finally all of the squares
- On the second turn encourage the children to jumble the shapes and sort them all at the same time

# SORT THE SHAPES

EYFS Aspect:  
Shape, Space and Measures

## Taking this further

Go on a shape hunt around the house, can the children identify these three shapes on objects around the house?

## Resources

Range of 2D objects which are square, round or triangular.

Masking tape – create the shapes out of the tape on the floor
