

## How big is my family?

### What is a family tree?

A family tree is a way of showing the relationship between members of people within a family. A family tree helps us to tell our family story and share information about our past.

### Key vocabulary:

- Parents
- Siblings
- Grandparents
- Aunties
- uncles
- Great grandparents

Have you ever wondered how many people there are in your family? We can find out by creating a family tree! By creating a family tree it can help you see where you fit in the world, where you came whilst learning about people you may not have realised existed. See if you can put together your own family tree?

### Instructions on how to complete your family tree:

- Put yourself at the start of your family tree.
- If you have any brothers or sisters, they would fit in beside you.
- Your parents appear above you on a family tree.
- Your grandparents, your parents' parents, appear above them.
- See if you can also add in your aunts and uncles in to your family tree. Where will they be?
