Co-Curricular	<b>P.E. with Coach Marc 1.30-2.15</b> Meeting ID: 868 4426 5922 Password: m57s4f	<b>P.E. with Coach Marc 1.15-2.00</b> Meeting ID: 891 6808 9024 Password: RK5cVS	<b>Drama with Fran 1.15-2.00</b> Meeting ID: 825 2135 5198 Passcode: 537532	Log into Maths Whizz and complete some lessons. Remember, each week the class and child who make the most progressions will receive a certificate!	Log into Reading Eggs and spend time completing lessons.

Co-Curricular Activities

Option A: **Debate**  
Option B: **Big Question**

**Debate Question**  
The topic for this week is:

**“This House believes that the world should be plastic free.”**

Remember the Mulberry House School debating motto, *“I have ideas in my head, passion in my heart and fire in my belly!”*

Remember the following:  
The first team will define the motion (topic) and the opposition has to respond (answer) points they raise. Think of what arguments the other side will use and think how you will refute (answer) them. Have 2 main points and then an example to demonstrate your point, you will be given one minute each this week so try and practice more than one point. During the debate listen carefully to what the other side says so that you can challenge them. Think about a motion in broad terms before thinking up specific points. This will also help the team opening to define the motion more clearly.

Option A: **Holiday Planning**  
Option B: **Number Lines**

**Holiday Planning**  
Imagine you could travel to anywhere in the world. Plan your holiday including flights, transport, accommodation and spending money.

You will need to stay for 7 nights and you must visit at least 2 tourist attractions.

You have a budget of 1800 pounds.

Make sure you factor in money for food each day, taxis, entrance fees to attractions and some emergency cash in case you need to visit a Dr or Dentist. We would like you to research this on Google and show your holiday planning on a poster.  
Happy Travels!

**Number Lines**  
Make up your own number line puzzles using the format below. Can you create one where the lines add up to 50? 45? 82?

Option A: **Time to Write**  
Option B: **Spy School**

**Time to Write!**  
[Here](#) is a very short video of the story of Theseus and the Minotaur. Watch the video and then choose one or more of the activities below to complete:

- Retell the story of Theseus and the Minotaur using expanded noun phrases where appropriate.
- Write a character description of Theseus or the Minotaur using powerful adjectives.
- Write your own Greek Myth. Can you include similes in your story?

**Spy School**  
Making invisible ink is a lot of fun. You can pretend you are a secret agent as you keep all your secret codes and messages hidden from others. All you need is some basic household objects and the hidden power of lemon juice.

What you'll need:  
Half a lemon  
Water  
Spoon  
Bowl  
Cotton bud  
White paper  
Lamp or other light bulb  
Instructions:

Option A: **Choose Kindness**  
Option B: **Mindful moments**

We have been reading the chapter book ‘Wonder’ by R.J. Palacio. The main theme throughout the story is KINDNESS. Today we would like you to come up with a list of 25 small acts of kindness. It could be as simple as smiling at someone you don’t know in the street or calling a relative just to say hello. Have a look at the example below. You can present your work however you like. You could make a poster, make a kindness jar, or even a calendar with an act of kindness for every day.

Let a sibling go first 1	Say something nice to someone 2	Decorate Kindness Rocks 3
Pick up trash without being asked 6	Say sorry if you do something wrong 7	Smile at someone 8
Make a care package 11	Say "good job" 12	Give someone a flower 13
Write a nice letter 16	Give a hug 17	Color a picture for someone 18

**Research Project Day**  
**Imaginative Inventors**  
The world we live in today would be a very different place without the work of some incredible inventors. Choose one item in your house that you could not live without. Who invented it? What can you find out about them?

You will each have 3 minutes to present this in the afternoon when we come together at 2pm, we are looking forward to hearing your presentations!

We will hold our debate on Zoom on Wednesday afternoon.

**Big Question**

Why do we dream? Science has made great progress in deepening our understanding of dreaming. Still, there is no answer to the question: Why do we dream? There are, however, a great number of theories being explored. What can you find out?

**Number lines**

1. Make each line add up to 16.

2. Make each line add up to 20.

1. Squeeze some lemon juice into the bowl and add a few drops of water.
2. Mix the water and lemon juice with the spoon.
3. Dip the cotton bud into the mixture and write a message onto the white paper.
4. Wait for the juice to dry so it becomes completely invisible.
5. When you are ready to read your secret message or show it to someone else, heat the paper by holding it close to a light bulb.

What's happening?  
Lemon juice is an organic substance that oxidizes and turns brown when heated. Diluting the lemon juice in water makes it very hard to notice when you apply it to the paper. No one will be aware of its presence until it is heated and the secret message is revealed. Other substances which work in the same way include orange juice, honey, milk, onion juice, vinegar and wine. Invisible ink can also be made using chemical reactions or by viewing certain liquids under ultraviolet (UV) light.

**Mindful Moments**

Let's get moving! This afternoon we would like you to choreograph a dance routine! Choose your song and prepare some moves! If you can, video yourself and we will have time to share these at 3pm! Have fun.
