9:45-10:30am		Maths Number Meeting ID: 935-141-8162 Password: 6MTMhg ZOOM LINK MATHS NUMBER TEMPLATE	Creative Writing Meeting ID: 935-141-8162 Password: 6MTMhg ZOOM LINK CREATIVE WRITING TEMPLATE	SNACK TIME 10:00 - 10:30	IN-SERVICE DAY Please log onto Purple Mash and click on the red '2Dos' icon at the top of the screen (next to the home icon). Have a go at completing the money challenges we have set you!

		NUMBER LINE			<p>TOP TIP - have a pencil and paper ready to help you when calculating totals and change.</p> <p>Once you have completed your money activities, have some fun exploring Mashcams! From the home screen, click on the 'Tools' icon, then scroll down to the 'English' section and click on the 'Mashcams' icon. If your device has an in-built camera and microphone, you can transform yourself into a favourite story character, a doctor, a pop star or a bus driver among many other professions! What would you say as your chosen character or in your chosen role? You can explore typing in the speech bubble and even recording a voiceover!</p> <p>TOP TIP - if recording a voiceover, consider the tone and expression you use when speaking.</p> <p>Please remember to save your work by clicking on the red back arrow (in the top right corner of the screen), clicking the save and exit icon and then clicking on your 'My Work' folder or the 'Prep II Class' folder.</p>

<p>1:15-3:00pm</p>	<p>Co-Curricular Activities</p> <p><u>Option A: Fantastic Flying Machine Models!</u></p> <p>Have you ever wondered how flying machines came about and who was the first to build one?</p> <p>It all started with the Wright Brothers, Orville and Wilbur Wright... They were the first to make a successful human flight with aircraft powered by an engine!</p> <p>Your challenge is to create your very own aeroplane model using the different junk modelling and craft materials you can find at home.</p> <p>Have a look at the document in the link below to help you with your flying machine design. You could also look at some different types of plane on Espresso for further inspiration.</p> <p>Before getting crafty, take some time to sketch and develop your ideas – don't forget to include labels!</p> <p>Once you have completed your model, please ask a grown-up to help you email a photograph to school - we would love to put as many of them in our upcoming school art exhibition as possible!</p> <p>FLYING MACHINE CHALLENGE GUIDE</p> <p><u>Option B: Air Temperature Experiment</u></p> <p>Today you are going to be conducting an independent experiment to test whether the temperature is the same in the sun or the shade. You can use the experiment guide below to help you to gather your equipment, conduct the experiment and record the results. Remember to use the</p>	<p>Co-Curricular Activities</p> <p><u>Option A: The Marvellous Mulberry Rainhill Trials!</u></p> <p>Following on from learning about the earliest locomotives and railways in our Project lesson this morning, your challenge is to design and create your very own train model.</p> <p>George Stephenson's famous rocket locomotive design won at the Rainhill Trials competition back in 1829. Put yourself in George's shoes for the afternoon and become an engineer, designing your very own train. Consider what key elements or special features your train design might have for our very own Marvellous Mulberry Rainhill Trials!</p> <p>Have a look at the document in the link below to help you with your train design. You could also look at some different types of train on Espresso for further inspiration.</p> <p>Before getting crafty, take some time to sketch and develop your ideas – don't forget to include labels!</p> <p>Once you have completed your model, please ask a grown-up to help you email a photograph to school - we would love to put as many of them in our upcoming school art exhibition as possible!</p> <p>THE MARVELLOUS MULBERRY RAINHILL TRIAL GUIDE</p>	<p>Co-Curricular Activities</p> <p><u>Option A: Philosophy Question</u></p> <p>If aliens saved the world, should we give them a reward?</p> <p>Have a think about the question above and write down what you think providing reasons for your answer.</p> <p>Be sure to not rush through your answer as you might not get the chance to include everything you may think about.</p> <p><u>Option B: Family Portraits</u></p> <p>Draw portraits of each member in your immediate family on a sheet of paper – try to include as much detail as you can, particularly in their facial features – don't forget eyelashes, eyebrows, any freckles or even glasses if they wear them!</p> <p>On a separate page, write sentences to describe each individual using adjectives that describe their appearance and personality!</p> <p>Once you have completed your drawings, please ask a grown-up to help you email a photograph to school - we would love to put as many of them in our upcoming school art exhibition as possible!</p>	<p>Co-Curricular Activities</p> <p><u>Option A: Earthquake</u></p> <p>Continue your learning on the natural phenomenon of earthquakes and how they occur by completing a fun experiment at home!</p> <p>Have a look at the document in the link below to help you complete this activity.</p> <p>CHALLENGE - EARTHQUAKE</p> <p><u>Option B: Family Tree</u></p> <p>Create your own family tree. Ask a grown-up in your family to tell you about your relatives and see if you can place them correctly onto a family tree. Don't forget to include yourself!</p> <p>For further support with your family tree, click on the document in the link below which will give you further instructions on how to complete the activity.</p> <p>FAMILY TREE CHALLENGE GUIDE</p>	<p>IN-SERVICE DAY</p> <p>Look back at the different co-curricular activities from our previous timetables and have a go at the ones that you haven't yet had the chance yet to complete!</p>
--------------------	--	---	---	---	--

	<p>key Scientific skills that we have been learning in school: prediction, observation and conclusion.</p> <p>AIR TEMPERATURE EXPERIMENT GUIDE</p>	<p><u>Option B: Make your own dictionary!</u></p> <p>Write each letter of the alphabet at the top of a page (make this fancy - you could use bubble writing for example), then write as many words down that start with the letters on each page - you may wish to brainstorm these on a separate page before writing them up neatly in your dictionary so that you can make sure that they are listed in alphabetical order!</p> <p>Are you designing your dictionary for young children? If so, consider adding illustrations and a sentence to describe the meaning of each word.</p>			
3:00-3.30pm	<p>PSHEE/Circle Time Meeting ID: 935-141-8162 Password: 6MTMhg</p> <p>ZOOM LINK</p>	<p>PSHEE/Circle Time Meeting ID: 935-141-8162 Password: 6MTMhg</p> <p>ZOOM LINK</p>	<p>PSHEE/Circle Time Meeting ID: 935-141-8162 Password: 6MTMhg</p> <p>ZOOM LINK</p>	<p>PSHEE/Circle Time Meeting ID: 935-141-8162 Password: 6MTMhg</p> <p>ZOOM LINK</p>	<p>IN-SERVICE DAY</p> <p>Select one of your favourite activities and have 30 minutes of well deserve personal GOLDEN TIME!</p> <p>Suggestions include:</p> <ul style="list-style-type: none"> • Five-a-Day Fitness • Yoga or mindfulness • Dancing to your favourite tunes • Completing a puzzle • Playing a board game
