**This week
we are
learning
to...**

Literacy

This week in our Creative Writing lesson, the children will be writing a newspaper report about what happened during the King's Coronation. At home, encourage your child to look through the news section on Newsround and Expresso Education.

Maths

In our Maths Number, the children will revise multiplication methods to apply to problem solving scenarios. At home, give your child a set of multiplication sums, as well as worded problems, encourage them to work these out using a variety of strategies.

Science

This week in our Science lesson, the children will conduct an experiment to find out which materials are an insulator or a conductor. At home, encourage your child to have a go at re-creating the experiment to see if they can make a list of items that conduct electricity and some that don't. Remind them to be very careful!

Project

In our Project lesson, the children be recognise and compare early 20th century toys. At home, encourage your child to write a report to explain how and why these toys have changed over time.
