

W/C: 19.06.2023

**This week
we are
learning
to...**

Maths:

This week in our Maths lesson, the children will learn the value of a negative number. At home, encourage your child to calculate negative amounts from positive numbers.

Literacy:

This week in our Recount writing, the children will use exciting sentence openers to recount their experience at the Art Festival. At home, encourage your child to write into their journals ensuring that they are using a variety of sentence openers.

Science

This week in our Science lesson, the children will begin a new topic on Sustainability where they will be looking at the causes of climate change and what we can do to help our planet Earth. At home, encourage your child to do one of the following: litter picking or upcycling activities.

Project

In our Project lesson, the children will recognise the importance of materials that toys are made out of, linking their understanding to our Sustainability topic in Science. At home, encourage your child to explore what materials their toys are made out of.
