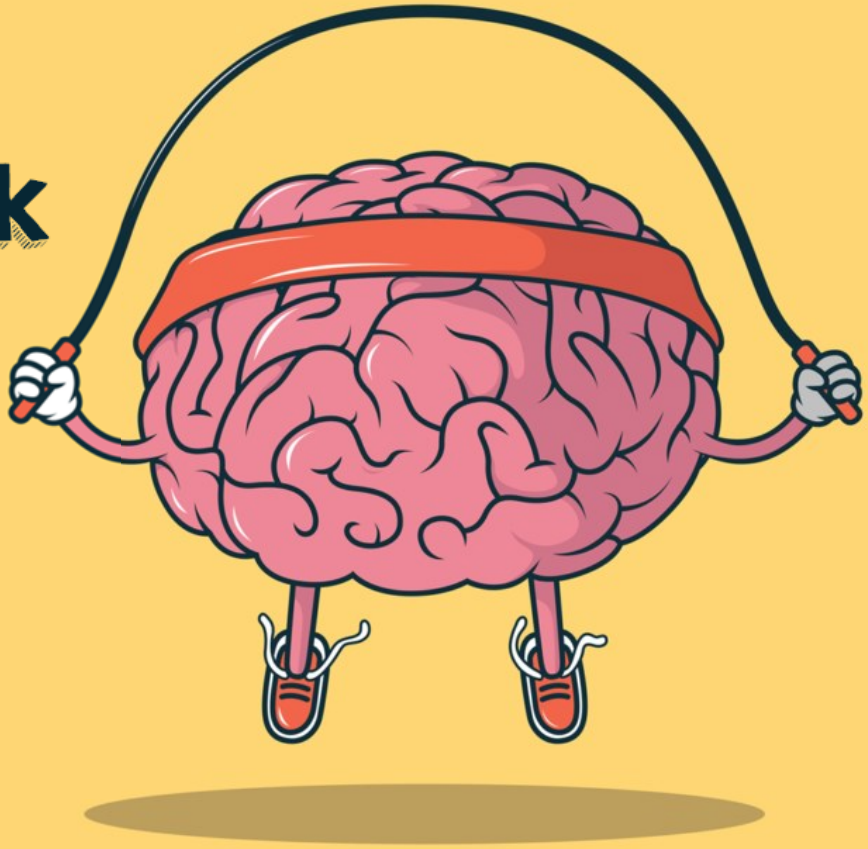
This week we are learning to...



Project

This week, the Hedgehogs' class will be learning about 'Pets'. We will begin our new project looking at aquatic pets and how we care for them and all the things they might need. If you have any pets at home we would love to display some of their pictures in our classroom, so if you would like to add them to our pet display please send a picture to info@mulberryhouseschool.com

Literacy

This week, we will be looking at forms of technology we can explore when mark making. Using the light box, the children will discover mark making in space and will draw planets in the dark. This goes back to drawing recognisable shapes. We will be paying close attention and supporting the children with their pencil grip. We will also be using a paint app on the computer to support their ICT.

If you have electronic devices at home, allow your child to explore a simple drawing app. Using their fingers as a tool to mark make is great for developing their fine motor skills.

Maths

This week, we will being using the children's knowledge to begin to sort objects by shape, size or colour. We will be looking for the children to identify similarities in objects in order to group them together. A simple activity to support this could be separating Duplo blocks into different colours. For a more difficult activity, you could look at sorting the blocks by
