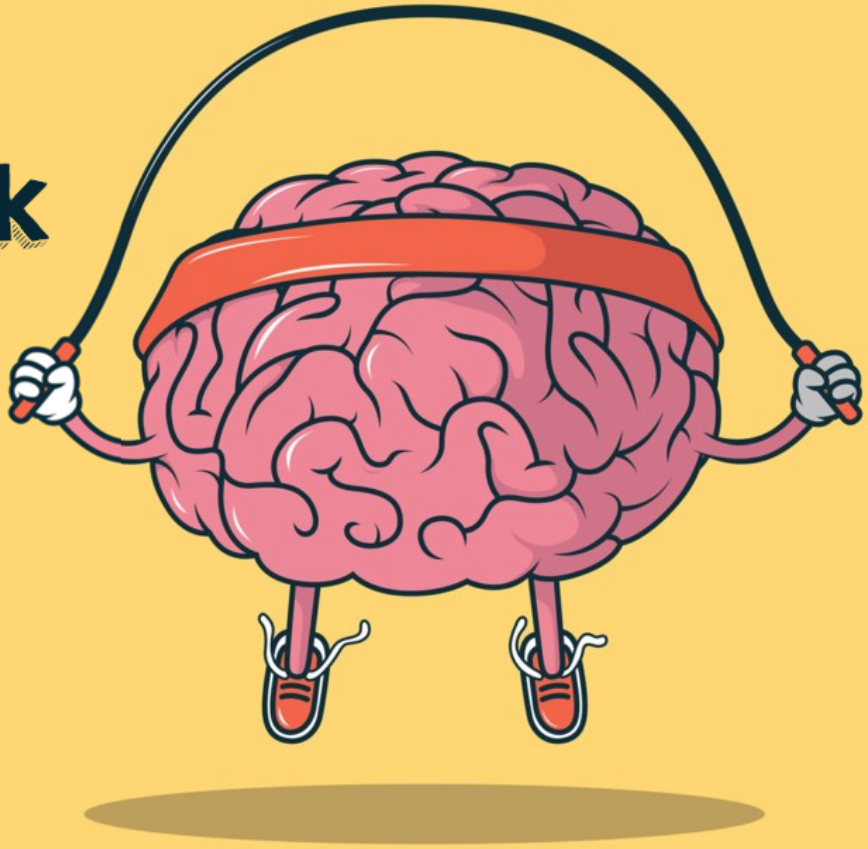
W/C: 30.06.2025

This week we are learning to...



Maths

This week in Maths, we will be looking at games related to numbers. The children will be given the task to match up numbers to create pairs. This is also a great way to get children to follow a simple set of instructions. You can recreate this game at home ensuring that your child is focused. Get them to identify the number they have chosen and repeat this once they have found its pair. We will also continue to look at size and making comparisons.

Literacy

This week's story is 'The Gingerbread Man'. The children will be encouraged to follow the story and be supported in retelling it. The children will be able to involve themselves in role play by making their own gingerbread men. Using the role play resources alongside a story is a great way to allow the children to recall the story by acting it out themselves. When reading stories at home, allow your child time to anticipate what they believe might happen next. Ask basic questions relating to the story to see how much information has be retained.

Expressive Arts and Design

This week, the Hedgehogs' class will be exploring the art form of origami. The children will
