**This week
we are
learning
to...**

Maths

This week, the Squirrels' class will be introduced to shapes. The children will be exploring a circle, triangle and a square. At home, you could encourage your child to find objects around the house in the shape of a circle, square and a triangle.

Literacy

This week, the Squirrels' class will be practising their pre-writing skills. The children will be creating circular motions to make marks on paper. At home, you could encourage your child to create circle marks or spirals, both clockwise and anti-clockwise.

Project

This week in our 'All About Me' topic, we will be learning and discussing our self-care. How do we brush our teeth? Why do we wash our hair? When do you have a bath/shower? The children will be exploring this topic through role-play activities. At home, you could support this subject by guiding your child to take part in their own self-care. For example; helping to take off their clothing, brushing their hair and feeding themselves with a fork or spoon.
